#3 GROUP RACE

For large non-profits and those with corporate donors, we have a unique opportunity for you... Try out our **Fund-RACING Team Racing Program!** Perfect for large groups, we provide private track time and coordinate a team relay race.

RELAY RACE FORMAT:

Participants are grouped into teams of 4 – 6 drivers, depending on the race length, and assigned to one race kart. We will allow up to 10 karts on the track at one time. Each team will designate a driver line up – who will be first in the kart to drive for the team. Then, they will determine how many laps each driver will race.

When the first driver has completed their allotted race time, they pull into a “Hot Pit Lane” on our track and quickly jump out of the kart and the next driver jumps in. This continues throughout the race until all drivers have had a turn. The last driver will get to cross the finish line.

But how do you raise money? Easy! Sell your teams!

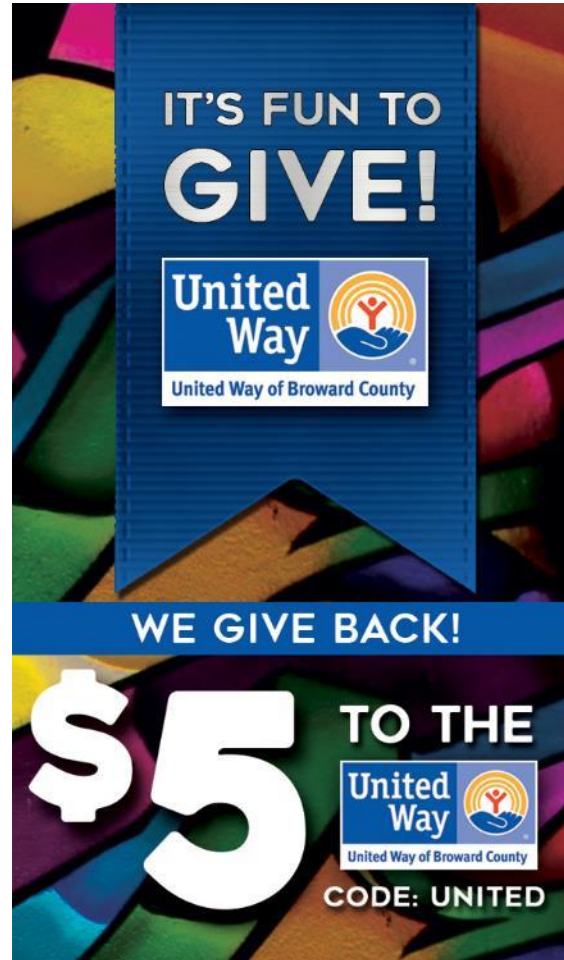

Offer Corporate donors a chance to sponsor a team by providing team shirts, turn signs, pit wall banners, sponsor logos and more! Name your race the “XXXX Challenge” or “100 Lap XXXX Endurance”.

Offer custom trophies, medals and corporate sponsored prizes to the winners. Our event coordinators have all the tools you need to capitalize on all the opportunity we have available. **Contact an Event Planner Today!**
